

6S for Lean Workplace

A Workshop by **Khalid Latif**

16th October 2019
10.00 am - 4.30 pm
Royal Rodale Club, Karachi

OVERVIEW

A process for creating and maintaining an organized, clean, and high-performance work place, which serves as a foundation for business excellence. The 6S Housekeeping is a powerful and effective lean improvement tool which can be applied to any type or size of organization. It can be adapted to all processes within any organization or industry. The purpose is to increase productivity and efficiency in manufacturing process. The effective organization of the workplace leads to higher productivity, reduction of waste, elimination of losses associated with scrap, defects, failure and waste, which results in the quality of work and safety in the work environment. This training helps to increase productivity; a better working environment for employees in the workplace in order to enhance performance. This tool allows a meaningful and practical approach to quality improvement efforts, which is applicable to all organizations.
